(First)

Student ID Number: _____

A student in the M.S. with comprehensive exam option must pass a written examination covering three distinct ECE technical areas (see below) selected by the student after consultation with her/his adviser. Please note that a student may not take the exam until a substantial amount of coursework for the degree has been completed.

The comp. exam will be administered by the ECE Department.

The grading criteria is as follows:

- 1) Exam grading method for each evaluated question within each technical area must be Pass/No Pass.
- 2) Grade for each technical area must Pass.

A student who fails the comprehensive exam the first time is permitted a second attempt. Students failing the second attempt are immediately dropped from the ECE graduate program. In particular, students failing the second attempt are prohibited from transferring to the M.S. Thesis or M.Eng. degree programs.
