**4th International Conference on Computational Intelligence and  
Multimedia Applications**  
**30 October - 1 November, 2001**  
**Shonan International Village**  
**Yokosuka City, Japan**

The 4th International Conference on Computational Intelligence and Multimedia Applications will be held in Yokosuka City, Japan on 30 October- 1 November 2001. The conference will provide an international forum for discussion on issues in the areas of Computational Intelligence and Multimedia for scientists, engineers, researchers and practitioners. The conference will include sessions on theory, implementation and applications, as well as the non-technical areas of challenges in education and technology transfer to industry. There will be both oral and poster sessions.

**The goals of the conference** are to promote interaction and cross-fertilisation among different approaches to Computational Intelligence such as neural networks, genetic/evolutionary algorithms, fuzzy logic, etc. and Multimedia Technology such as multimedia information retrieval, image indexing and retrieval, virtual reality, video conferencing, etc.

**Paper Submission**

Papers reporting original and unpublished research results are solicited. Papers must be in English and the length of each manuscript should be limited to 5 pages, A4 size, 2 cm margins each side, 10 points, single spaced. Only electronic submissions by e-mail will be accepted. All papers will be reviewed by 2-3 reviewers and the accepted papers will be included in the proceedings published by **IEEE Computer Society Press**. Selected papers will be published in "**International Journal on Computational Intelligence and Applications published by World Scientific Publishing Company & IC Press**".

**Important Deadlines**
